# FIESTA®

*Controls broadleaf weeds,  
algae and moss in turf*

Application dates: June 1, June 23 and July 14

## Label Information:

Active Ingredient: IRON (present as FeHEDTA) 4.43%

## Use Instructions:

Mix one part FIESTA with 24 parts water (40 ml in 960 ml of water). Apply the mixed solution at a rate of 200-400 ml/m<sup>2</sup>. Thoroughly spray weeds - Uniform coverage is important. Repeat treatment once in four or more weeks, if necessary. Refer to the product label for complete directions and use restrictions.

## Use Sites:

For use on all lawns and turf on rights of way, non-crop areas, golf courses, parks, cemeteries and athletic fields.
